

Tips for Providing Effective Testimony at Land Use Hearings

The City of West Linn encourages, promotes, and uses citizen input in its decision making. You can influence land use matters within the City of West Linn by providing comments on proposed land use proposals. This guide is intended to assist anyone who wishes to testify before the Planning Commission or City Council on a specific land use matter. This guide is not a comprehensive list of all of the rules and procedures governing the land use process. We know that these can be confusing so you are encouraged to contact the City planning staff if you have any questions about an application, the approval process, or the Community Development Code ("CDC").
